Frontend Developer   May 2024 - Aug 2024

Web Developer Internship at Insu Creation Developed and maintained web applications using HTML, CSS, JavaScript, and React. Collaborated with a team of developers to implement new features and improve existing functionality.

Project

● Toto-Wala   **https://toto-wala.vercel.app**

Toto Wala is an innovative online E - rickshaw booking platform designed for cost-effective and seamless transportation. Leveraging modern web technologies, the project features a user-friendly interface with intuitive navigation and real-time booking capabilities. The design emphasizes affordability and ease of use, making it a reliable choice for urban commuting.

● Pokemon   **https://pokemon-tukai18.netlify.app**

Pokémon is an engaging website developed using React and CSS, featuring detailed information on 150 Pokémon, including their skills and abilities.

● Movie-Hub   **https://moviehub-tukai.netlify.app**

Movie-Hub is a dynamic movie information website built entirely with React and Tailwind CSS. It provides comprehensive movie details and features seamless navigation through React Router DOM, ensuring an engaging user experience. The project showcases a modern, responsive design that enhances accessibility and interaction with movie content.

Certificates

● JavaScript (Basic) Certificate (HackerRank)

JavaScript (Basic)

It covers topics like, Functions, Currying, Hoisting, Scope, Inheritance, Events and Error Handling.
